

# Curriculum Vitae

## **AKHILESH PAIDI**

Bachelor of Technology (CSE)  
E-mail: - akhilesh9441@gmail.com  
Contact No.: +91 6303429163

## **PROFILE**

Dedicated and motivated software engineer with 1 years 6 Months of hands-on experience specializing in Angular, ASP.NET, C#, ASP.NET Core API ,Entity Framework Server, and Web API. Proven track record of successfully executing complex technical projects for application development and implementation. Skilled in delivering customized software solutions tailored to meet the unique needs of client businesses. Passionate about exploring new opportunities and solutions while fostering innovation in the field.

## **WORK EXPERIENCE**

### **Software Engineer**

*Neemus Software Solutions,*

*Hyderabad December 2022-Present*

- **Proficient in Full-Stack Development:** Expertise in developing and maintaining robust software applications utilizing Angular ,ASP.NET, C#, ASP.NET Core API, Web API (Entity Framework), SQL Server, and MySQL.
- **UI/UX Design Contribution:** Played a pivotal role in designing and developing user interfaces using HTML and CSS, ensuring seamless user experiences.
- **Team Collaboration:** Collaborated effectively within cross-functional teams of four to six developers, contributing to the design and implementation of innovative software solutions.
- **Client Interaction and Requirement Analysis:** Demonstrated strong communication skills by engaging with clients to comprehend their requirements thoroughly, ensuring the delivered software solutions precisely meet their needs.
- **Quality Assurance and Deadline Adherence:** Proactively conducted comprehensive testing and debugging procedures to maintain high-quality standards and consistently delivered projects within specified timelines.

## **PROJECT REPORT**

### **BEL-Asset And Inventory Management:**

- Led the development of a comprehensive ASP.NET, C#, and SQL Server-based web application for the Department's asset and inventory management, implementing key features such as tracking, reporting, user authentication, data import/export, and complaint management.

- Collaborated with cross-functional teams for requirements gathering and system design, resulting in a tailored, efficient, and secure solution that improved the accuracy and efficiency of asset and inventory management processes.

## **TOOL SUVIDHA-Asset Management:**

- Led the end-to-end development of a web-based asset management software for the Air Force Academy, Dundigal, Hyderabad, using ASP.NET, C#, and SQL Server, resulting in enhanced operational efficiency and resource optimization.
- Managed the entire software development lifecycle, including requirement gathering, design, development, testing, and deployment, ensuring the solution met the Academy's specific needs and quality standards.

## **NGRI- Visitor Management And Canteen Management:**

- As the project lead, orchestrated the development of an Integrated Visitor and Canteen Management System using ASP.NET, C#, and SQL Server, streamlining visitor registration, tracking, and canteen operations with robust data management and security.
- Collaborated closely with stakeholders to gather requirements and design user-friendly interfaces for visitor check-in, check-out, badge printing, canteen menu browsing, order placement, billing, and payment processing, integrating advanced features like real-time tracking, automated notifications, and sales analytics.
- Conducted comprehensive testing to ensure reliability, scalability, and quality standards, successfully deploying the system, which enhanced security protocols, visitor experiences, administrative processes, and canteen operations for client organizations.

## **RISK- Governance Document Management System:**

- Spearheaded the development and deployment of a Governance Document Management System, using Angular and TypeScript for the frontend, and ASP.NET Core Web API with Entity Framework and MySQL for the backend.
- Designed a robust system for document management with granular access controls, integrating advanced features like time-based restrictions and assessment tests, ensuring compliance with governance policies and enhancing document accessibility and security.

## **RISK- Compliance Management System:**

- Led the development and deployment of a Compliance Management System using Angular, TypeScript, ASP.NET Core Web API, and Entity Framework, creating a comprehensive solution for managing regulatory obligations and industry standards adherence.
- Designed an intuitive user interface and implemented features like regulatory tracking, compliance assessments, audit trails, and role-based access controls, ensuring transparency, data security, and effective compliance management.

## BASIC ACADEMIC CREDENTIALS

Qualification	Board/University	Year	Percentage
Computer Science And Engineering (CSE)	Aurora's Engineering College	2022	65%
Intermediate in MPC	Sri Chaitanya Junior College	2016	88%
Secondary Education (X)	Krishnavani Talent High School	2014	77%

## KEY SKILLS

### Frontend Frameworks:

- HTML, CSS, Asp.net
- Angular

### Backend Frameworks:

- C#
- ASP.NET Core Web API(Entity Framework)

### Databases:

- SQL Server
- MySQL

## PERSONAL SKILLS

- Have good leadership qualities.
- Capacity to work in team or individually and take up responsibilities.
- A quick learner.
- Strong attention to Detail
- Sincere and Goal Oriented.

## **PERSONAL DETAILS**

- Name : AKHILESH PAIDI
- Father's Name : PAIDI PURUSHOTHAM
- Gender : Male
- Date of Birth : 27-11-1997
- Marital Status : Un Married
- Nationality : Indian
- Religion : Hindu
- Address : H-No: 1-2-289, Chiluveru  
Marg, Sirpur-  
kaghaznagar- 504296,  
Telangana

## **DECLARATION**

I do hereby declare that the above information is true to the best of my knowledge.

**Place: Hyderabad**

**Date:** / /
